# Introduction

In order to sharing data to authorized 3rd party securely, you must enter the Auth Code ("CDI" Data Authorisation Code) in the authorize 3rd party

Steps to get Auth Code

1. Login to QFPayHK merchant portal (MMS) https://sh-hk.qfapi.com/#/
2. Navigate to Setting > Data Authorize
3. Click Copy to copy the Auth Code for further use in bank online application
   ** Please note that the Auth Code is valid for few days, please ensure that you get the latest Auth Code for the bank online application
